### **The family - love, respect, education**

On the world's map, small sign,  
It's a family house- my whole world.  
In it my mum still bustling about,  
she is peeping into every corner.  
Dad is sitting in front of the TV,  
he's reading the newspaper smiling.  
To the leg, cradled our cat.  
Heat, cosy every day.  
Brother and sister are reading though comics.  
I'm looking at them and I'm smiling to myself.  
I'm happy because I had already everything.  
The love, parents for whom it is worth living.

### **Love like a different world**

What is love?  
Do you love is happiness?  
Do you always have a will?  
What is love?  
Is it suffering?  
or is it a bleeding heart?

What is love?  
Is love in the vein tears or burns in a smile?  
What is love?  
Sensitivity of touch,  
kisses without limit?

What is love?  
The agony of loneliness  
-two hearts goodbye.  
What is love?  
Are two hearts connected?  
by a thin thread somehow?

What is love ...

Love is tears,  
that have been poured on the path  
That lead to sadness  
Don't you know?  
You have to get there, To understand.

## **Freedom**

Freedom is like a bird...which flies high up.  
Not everyone, tasted of purity and freedom, in the world of nature.  
But anyone, who wants to get to know a new world,  
With pleasure fulfills their dreams.  
People can't live normally,  
They feel like trapped in cages,  
Of which it is impossible to leave,  
Their world is like a black stain.  
How can I move the signs away from road  
The road signed "freedom"

## **The school of my dreams**

School of dreams is like the one from newspapers.  
There are many children here  
All are friends  
And together they are from separate groups.

My school is cheerful.  
Is like medicine, for my trouble.  
Walls, classrooms and arrays,  
And news, and... secrets.

Teachers are smiling.  
The students rest.  
In the registers there are sixes and fives,  
But not always were nice beginnings.

Here is lot of sport and art.  
Everybody is King of music.  
Learning in my school, is a pleasure.  
And it doesn't threaten with boredom, inactivity, sleepiness.
